Subject: ICRA Webinar: Tumor Talk: Overview of Various Sites and Valuable Resources

ICRA Member-

We were extremely saddened to make the decision to cancel our annual fall conference due to COVID-19. Protecting the health, safety, and well-being of our members and attendees is paramount. In lieu of our annual conference, we are offering a monthly educational series of 5 webinars that we hope you will find of interest. We will be applying for CE credit for each webinar.

Please join ICRA on Thursday, August 27, 2020 at 12:00pm EST for our first free webinar!

Gina McNellis, MA, RHIA, CTR, CHP, Director of Registry Services from Himage Solutions presents:

*Tumor Talk: Overview of Various Sites and Valuable Resources*

Objectives Include:

- Discuss tips for more efficient abstracting
- Discuss the nuances of abstracting breast, colorectal, and thyroid cancers.
- Highlight areas where registrars struggle abstracting.
- Identify various resources available to the registrar when coding cases and how to use them
