Subject: Register Today for the Live Webinar -- Spotlight on Pancreas

Having trouble viewing this email? [Click here](#)

NCRA is offering the one-hour live webinar, Spotlight on Pancreas, on Wednesday, December 9, at 2:00 PM ET. Presenter Laura Defino, MA, CTR, will identify issues associated with coding the primary site and provide an overview of the applicable "Other Sites" relevant to pancreatic cancer. Case scenarios will be presented to demonstrate the uncinated process, solid tumor rules, site-specific data items (SSDI), grade field, summary stage, and the AJCC TNM categories and prognostic stage group relevant to the site. Also included will be guidance on coding surgical procedures. Earn one CE.

Register Today!

Laura Defino, MA, CTR Laura Defino is an Oncology Data Specialist, working independently as a consultant. She was previously with the North Carolina Department of Health, Central Cancer Registry. Defino earned her Bachelor's degree in Psychology and Biology at the University of Massachusetts, Boston and a Master's degree in Medical Anthropology at Creighton University.

NOTE: Once a live webinar has concluded, learners must complete the quiz and evaluation, and claim CE credit within 90 days of the live broadcast date. Learners who fail to complete the required activities and claim CE credit within the 90 days will forfeit CE credit for that activity.
