Date: Monday, August 30, 2021, 06:21 PM EDT

---

ICRA Members,

We have been touching on it throughout the year, our standard setters rules don't always coincide with one another! Many times this year my facility has ran into a scenario where we have questioned exactly what to do. After some extensive discussions amongst ourselves, and with the standard setters, I wanted to share with you what we learned. I know this is happening at more than my facility, but maybe you knew this already! Please take a look at the attached document – I hope this helps! If there are further questions feel free to reach out ([Leslie.Woodard@franciscanalliance.org](mailto:Leslie.Woodard@franciscanalliance.org)).

As always, if you have any topics you would like covered or suggestions please share with anyone on the ICRA Board.

**Please spread the word, we are hosting an IN PERSON conference in November! Hear from:**

*Jim Hofferkamp, BA, CTR, NAACCR Program Manager of Education*

*Sanjay Kumar, Indiana Department of Health Cancer Surveillance Section Director*

*Leslie Woodard, CTR, ICRA Education Chair*

*Local Physician(s)*

*AND MORE!*

**Registration information coming soon.**
