

Vice President Nominee

Hanna Starr

Experience: Secretary 2023 and 2024

Bio: I became an ODS (then CTR) in 2019 while working at Schneck Medical Center. In 2020 I started working part-time for Registry Partners, before switching full-time in early 2023. Currently, at Registry Partners I work as a Quality Manager.

Fun Fact: I have a weirdly irrational fear of pinecones!

Favorite thing about being a ODS: Getting to tell someone's cancer journey in a way that no one else can.

2024 – 2025 Goals for your position: To support not only the President but also all board positions.
