Hello ICRA Association members,

I am in search of a candidate for President Elect for next year's ballot. I have sent out many nomination invites, with many declines. The nominee must be a member of ICRA for at least 1 year and currently working in the registry field. It is a three year commitment, not time consuming at all. If you believe this is something that would interest you, serving on your association board, think about it over the weekend. Send me an email by Tues the 17th, please.
