

Nominee: Cathy Cheattle, ODS-C

Position: Secretary

Bio: I moved to Indiana in the summer of 2019, and shortly thereafter earned my CTR certification in October of the same year through my work with Advocate Aurora. Becoming a Hoosier ignited my desire to connect with fellow cancer registry professionals—so I joined the Indiana Cancer Registrars Association (ICRA) to engage with CTRs across the state and build meaningful connections.

In 2021, I deepened my community commitment by joining the Purdue Master Gardener program, where I actively contribute through volunteering and public engagement. My passion for community service and collaboration reflects both my personal values and my professional dedication.

It would be an honor to serve as Secretary of ICRA. If elected, I will bring my energy, organizational skills, and community-oriented mindset to support the board and all members in furthering ICRA's mission of education, professionalism, and communication in cancer registry.
